The tender should be in the prescribed form obtainable from the Executive Engineer's office and will be opened by the Executive Engineer, Guntur Division, at his office on 16th June 1937.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Guntur Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the copartnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorised officer who shall produce with his tender satisfactory evidence of his authorisation. Such tendering corporation may be required before the contract is executed to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of rupees one hundred and fifty only for each into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Guntur Division and enclose with his tender the chalan endorsed accordingly. This refund will be authorised by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department officers.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. This security deposit together with the earnest money and the amount withheld according to clause 58 of the Standard Preliminary Specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Division office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph, shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender and rates which shall be for finished work *in situ*. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Guntur Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries and satisfy himself about the quality and availability of materials. The names of quarries, lekhs, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications or in the tender notice or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor after examination of the source of materials defined in the Descriptive Specification sheet is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification sheet he shall so state clearly in his tender and state wherefrom he intends to obtain materials subject to the approval of the Executive Engineer.

The Government will not, however, alter acceptance of a contract rate pay any extra charges for lead or for any other reason in case the contractor is found later on to have misjudged the materials available. (4) water and lighting;
(5) cleaning up during progress and for delivery;

(9) responsibilities and liabilities of contractor.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule and that this schedule is liable to alterations by omissions, deductions or additions at the discretion of the Executive Engineer, Guntur Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and pie annas of these pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of schedule "A." This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work the rate of progress and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time as will be indicated by the Executive

Engineer's certificates of the value of work done. will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor for each work.

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount).
	PER CENT.
Three months	50
Six months	100

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power of attorney authorising others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order and according to instructions.

15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. No payment will be separately made for baling water during the excavation and forming protective bunds, clearing jungle at site and diversion of roads required during execution. The rates quoted by the tenderer must include the abovementioned charges.

17. The tenderer may however mention an earlier date which fact will be taken into consideration and the earlier date will thereafter be considered as the date fixed for completion of the work.

18. The qualification of the supervising staff employed by the contractor in the execution of the work will be given due consideration on awarding the contract. The tenderers should therefore state in clear terms whether they employ technical staff and, if so, to give the qualifications of such staff and the extent to which they will be employed on the work.

Madras, 19th May 1937.

In the office notice R O C. No 4484/36, dated 9th January 1937, the President, Panchayat Board, Peddatumbalam, in Adoni taluk of Bellary district, was called upon to show cause against removal for the reasons specified hereunder :—

(1) The president was continuously absent from the village for a period of four months without handing over charge to the vice-president,

(2) He failed to convene regular monthly meetings of the panchayat board as required by rule 2 of Schedule II to the Madras Local Boards Act, 1920, as amended,

(3) The cash balance of Rs. 321-12-3 was not deposited in the Postal Savings Bank, nor was it produced before the Assistant Panchayat Officer, when he inspected the panchayat.

(4) The accounts were not written up to date.

The President, Panchayat Board, has not sent a reply though the prescribed time has elapsed.

In exercise of the powers delegated to him by the Local Government under section 233 of the Madras Local Boards Act, 1920, as amended, and in virtue of the powers conferred under section 43 (1) of the Act, the Inspector of Municipal Councils and Local Boards hereby removes M.R.Ry. J. Narasappa Sastri Garu from the office of President of the Peddatumbalam Panchayat Board, Bellary district, for wilful omission to carry out the provisions of the Act, and the rules framed thereunder.

Madras, 18th May 1937.

In exercise of the powers delegated to him by the Local Government under section 233 of the Madras Local Boards Act, 1920, the Inspector of Municipal Councils and Local Boards hereby directs that under section 6 (2) of the said Act, one seat for Adi Dravidas and one seat for Indian Christians shall be reserved in the Kondamanjalur Panchayat Board in the Ongole taluk of the Guntur district constituted in his Notification R. Dis. No. 2340/34, dated 5th December 1934, constituting the Kondamanjakanahalli Panchayat Board for the revenue village of Kondinayakanahalli in the Hospet taluk of the Bellary district for the reason that elections have not been held so far and that the residents do not want a separate panchayat for it.

Madras, 19th May 1937

In exercise of the powers delegated to him under section 233 of the Madras Local Boards Act of 1920, as amended by Madras Act XI of 1930, the Inspector of Municipal Councils and Local Boards hereby cancels under clause (c) of sub-section (2) of section 5 of the said Act, the Notification R O C No. 4506/36, dated 16th October 1936, constituting the Uppalapadu Panchayat Board for the revenue village of Uppalapadu in the Kandukur taluk of the Nellore district for the reason that elections could not be conducted in the Board on account of extreme factions in the village. It may be true that the difficulty in holding the elections was the fault of the minority party, but if a minority party imbued with such a spirit exists, it is clear that a panchayat board will not be able to function properly.

Madras, 22nd May 1937.

In exercise of the powers delegated to him under section 233 of the Madras Local Boards Act of 1920, as amended by Madras Act XI of 1930, the Inspector of Municipal Councils and Local Boards hereby cancels under clause (c) of sub-section (2) of section 5 of the said Act, the Notification R.C.
